### MAIDEN // PRIZEMONEY: \$35,000 // TRACK RATED: HEAVY 10

#### Race Overview

Emilia Romagna makes her return to the race track. Currently there are 12 runners engaged with seven having race experience and five making their debut. Currently the track is a Heavy 10 which obviously makes the race much harder to analyse, especially with many of these being either unraced, or first time racing in these types of conditions.

## ***A CLOSER LOOK AT SOME KEY COMPETITORS***

### **3. ECONOMICS**

Two-year-old colt by Capitalist. Stepped out on debut as the favourite for trainer Annabel Neasham and finished second in the Star Kingdom at Muswellbrook. Raced on a Soft 7 and seemed to handle the conditions well enough. Sat just off the speed and had to push its way out at the top of the straight but did have his chance to catch the leader. Was still green on that occasion and should take improvement from the run. Will jump from barrier 10 with Chad Schofield in the saddle.

### **4. HAWAII FIVE OH**

A colt by I Am Invincible that has shown enough in two public trials. Both trials were in wet conditions and he was pushed out in the most recent by James McDonald. He didn't look completely comfortable in the wet and still looked like he was learning a lot during the trial. He will be ridden by McDonald from barrier 8 for Michael Freedman and must be respected.

### **5. SECRET REVOLUTION**

This two-year-old by Russian Revolution has opened up as the early favourite for the event. Form lines around Ojai and Fireburn obviously read very well now. He was actually the favourite in his last race in front of Fireburn, who as we know has gone on to win two Group 1's and a Group 2. His most recent trial on a Heavy 8 showed that he handles the conditions well and he's definitely the horse to beat.

### **8. EMILIA ROMAGNA**

Our filly by Pierro makes her return to the track. Both of her recent trials have been impressive and on wet tracks which is a positive. Bjorn believes she will be better on a firmer track, but she can certainly hold her own. Drawn barrier 6, hopefully she can use her early speed and put herself in front or outside of the leader. I see it as a big benefit that she has already raced at this track and does have experience. She has plenty of ability and she looks a genuine top three chance in this race.

## **BETTING PLAY (Emilia Romagna)**

I would be focusing more on the place when betting on her. Eg, if you're a \$50 punter, \$40 to place at \$2.70 and \$10 to win at \$8.50.

## **BETTING PLAY (Overall)**

I really like Secret Revolution and I think it's a horse going places. I would be happy to bet on him to win at \$2.35. If you like trifectas, I would go 5 / 1,3,4,8 / 1,2,3,4,8
